

# HANDS OFF

## Worthing and Southlands Hospitals

Please sign this petition in support of keeping the full range of accident and emergency and other key services at Worthing and Southlands.

**Surrey and Sussex Strategic Health Authority is in serious debt and has to save money.**

**This means that they want to cut local health services and could lead to the downgrading or closure of Worthing and Southlands and the loss of vital services like accident and emergency and intensive care.**

**As your local MPs, we have pledged to fight these cuts and the campaign starts here.**

**Please sign the petition and help us oppose the health authority's plans to strip down your hospital**

**Tim Loughton MP, Peter Bottomley MP, Nick Herbert MP and Nick Gibb MP**

To: Candy Morris, chief executive, Surrey and Sussex Strategic Health Authority

Dear Candy,

Worthing is the largest town in Sussex. Please don't downgrade our hospitals, we need them.
